

## Application for Free Library Service: Institutions

Institutions—such as assisted living communities, hospitals, public libraries, schools for students who are blind or have a visual impairment, public and private schools, and college or university disability centers—may borrow equipment and reading materials for use by eligible readers to use individually or in a group setting. The institution is responsible for keeping a record of the serial numbers of all machines assigned to the institution. If residents or students choose to apply using the Individual Application, they are responsible for the equipment they borrow, not the institution.

Please complete this application and submit it to the Florida Bureau of Braille and Talking Book Library at the address above. The application may be sent by email, fax, printed and mailed, or printed and hand delivered.
